

# WE'RE HIRING

At AMERGINT Technologies, we're shaping the future of mission-critical communication on land, in the air, and in space. Join our crew and discover a career beyond the horizon of what's possible.

## MAKE SPACE FOR YOU

AMERGINT builds the links our customers use to communicate with vital assets around the globe and in space. We design custom solutions for the most important projects in the universe—from commanding satellites that monitor powerful storms to connecting astronauts on the International Space Station with NASA headquarters.

## HELP US BUILD SOLUTIONS THAT SUPPORT:

SECURE GROUND NETWORKS

SATELLITE COMMUNICATIONS

SPACECRAFT TEST

NATIONAL SECURITY PROGRAMS

HUMAN SPACE EXPLORATION

SPACE SCIENCE AND RESEARCH

## HOW WE WORK

People are the most important part of AMERGINT. We are driven by challenge and believe in giving our team members space to collaborate, develop their skills, and grow with our company. Our **core values** are the foundation of everything we do.

## LOCATIONS

AMERGINT offers flexible, in-person, and hybrid work schedules from three locations in Colorado:

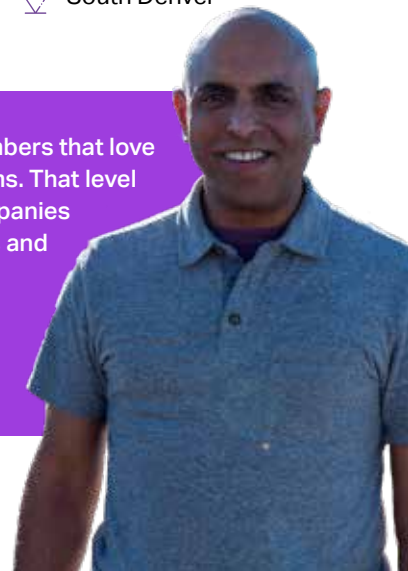

Colorado Springs Broomfield South Denver
