

AMERGINT Purchase Order

Terms and Conditions of Purchase

- 1. APPLICABILITY.** The Purchase Order to which these terms and conditions relate is an offer by AMERGINT Technologies, Inc. (“Buyer”) for the purchase of the goods specified on the face of such Purchase Order (the “Goods”) from the Seller on the face of the Purchase Order (“Seller”) in accordance with and subject to these terms and conditions (the “Terms”; together with the terms and conditions on the face of such purchase order, the “Order”). The Order, together with any documents incorporated herein by reference, constitutes the sole and entire agreement of the parties with respect to the Order, and supersedes all prior or contemporaneous understandings, agreements, negotiations, representations and warranties, and communications, both written and oral, with respect to the subject matter of the Order. The Order expressly limits Seller’s acceptance to the terms of the Order. These terms prevail over any terms or conditions contained in any other documentation and expressly exclude any of Buyer’s general terms and conditions of sale or any other document issued by Seller in connection with the Order.
- 2. ACCEPTANCE.** The terms and conditions of the Order become the exclusive and binding agreement between Buyer and Seller covering the purchase of the products and/or services herein (or as incorporated by reference into another document) when the order is accepted by acknowledgement and/or commencement of performance by Seller. ADDITIONAL OR DIFFERENT TERMS PROPOSED BY SELLER WILL NOT APPLY UNLESS ACCEPTED IN WRITING BY BUYER. ACCEPTANCE OF THE PRODUCTS OR SERVICES DELIVERED UNDER THIS ORDER SHALL NOT CONSTITUTE ACCEPTANCE OF SELLER’S TERMS AND CONDITIONS.
- 3. PRICES.** Seller warrants that the prices charged for product or services identified on the face hereof are not in excess of prices charged to other Customers for similar quantities and delivery requirements. If Seller decreases the price for products or services identified in this Order, Seller will automatically reduce the price of any Buyer's unshipped product or unfinished service by a comparable percentage at the time of the price decrease.
- 4. INVOICES.** Seller invoices shall be submitted to the address shown on the face of this Order and shall include the following information: Purchase Order number, product number, description of products, sizes, quantities, unit prices, and extended totals, and any applicable taxes in addition to any other information specified elsewhere herein. Bill of Lading or express receipt shall accompany each invoice. Payment of invoice shall not constitute acceptance of product and shall be subject to adjustment for errors, shortages, defects in the products, or other failure of Seller to meet the requirements of the order. Buyer may at any time set off any amount owed by Buyer to Seller against any amount owed by Seller or any of its affiliated companies to Buyer. Unless otherwise provided, terms of payment shall be net thirty (30) days from latest of the following: (1)

AMERGINT's receipt of SELLER's proper invoice; (2) scheduled delivery date of the work; or (3) actual delivery of the work at the final destination.

5. **OVERSHIPMENT.** Buyer reserves the right to return at Seller's expense any shipment of the products either in excess of the amount stated on the face of this order, or in advance of the agreed upon schedule. Such shipment will be held at Seller's risk and expense including reasonable storage charges while awaiting shipping instructions. Return shipping charges for excess quantities will be at Seller's expense. Material for which return shipping instructions are not received within a reasonable time, may be destroyed or sold by Buyer at public or private sale and the proceeds, if any, applied toward storage charges and retained by Buyer.
6. **TITLE AND RISK OF LOSS.** Title passes to Buyer upon delivery of the Goods to the delivery location specified in the Order. Seller bears all risk of loss or damage to the Goods until delivery of the Goods to the delivery location specified in the Order.
7. **PACKING AND SHIPMENT.** Unless otherwise specified, all products shall be packaged, marked, and otherwise prepared for shipment in a manner which is (i) in accordance with good commercial practices including the use of Electrostatic Protective Material when appropriate, (ii) acceptable to common carriers for shipment at the lowest rate for the particular products and (iii) adequate to ensure safe arrival of the products at the named destination and for storage and protection against weather. Seller shall mark all containers with necessary lifting, handling and shipping information and also, Purchase Order numbers, date of shipment, and the names of the consignee and consignor. An itemized packaging sheet must accompany each shipment unless otherwise specified and must be located on the outside of the first box or crate of the shipment. No partial or complete delivery shall be made hereunder prior to the dates shown unless Buyer has given prior written consent.
8. **WARRANTY.**
 - a. Seller warrants that all products delivered hereunder, including all components and raw materials incorporated therein, as well as products corrected under the warranty, shall be free from defects of workmanship, materials and manufacture, shall comply with the requirements of this Order, including compliance with any drawings or specifications incorporated herein to any samples furnished by Seller, and where design is Seller's responsibility, be free from defects in design. Seller further warrants all products purchased hereunder shall be made of new material and be of merchantable quality and shall be fit and suitable for the purposes intended by Buyer. The foregoing warranties are in addition to all other warranties, whether expressed or implied, and shall survive any delivery, inspection, acceptance, or payment by Buyer.
 - b. If any products delivered hereunder do not meet the warranties specified herein or otherwise applicable, Buyer may at its election (i) require the Seller to promptly correct, at no cost to Buyer, or any defective or nonconforming products be repaired or replaced at the location specified by Buyer, or (ii) return such defective or nonconforming products at Seller's expense to the Seller and recover from the Seller the order price and shipping costs thereof. If, after being requested by Buyer, the Seller fails to promptly replace or correct any defective product, Buyer (i) may by contract or otherwise replace or correct such products and charge the Seller the cost occasioned thereby, or (ii) may, without further notice, terminate this Order for default in accordance with the clause thereof entitled "Termination", or (iii) may utilize the deficient

product and require an appropriate reduction in price. The foregoing remedies are in addition to all other remedies at law or in equity under this Order, for damages or otherwise, and shall not be deemed to be exclusive. All warranties shall run to the Buyer and to Buyer's Customer(s).

- c. Buyer's approval of the Seller's products or design shall not relieve Seller of the warranties set forth in this clause, nor shall any waiver by Buyer of any drawing or specification requirement for one or more of the products constitute a waiver of such requirement for remaining products to be delivered hereunder unless so stated by Buyer in writing. The provisions of this clause shall not limit or affect the rights of Buyer under the clause hereof entitled "Inspection."
 - d. Claims by Buyer under this warranty may be exercised anytime within a minimum period of one (1) year after final acceptance unless specifically agreed otherwise in writing.
9. **INSPECTION.** All products purchased hereunder shall be subject to inspection and test by Buyer and, if there is a Federal Prime Contract number on the face of the Order, the Government, to the extent practicable at all times and places during and after the period of manufacture and in any event, prior to final acceptance. If inspection or test is made by Buyer on Seller's premises, Seller, without additional charge, shall provide all reasonable facilities and assistance for the safety and convenience of Buyer's inspectors. No inspection or test made prior to final acceptance shall relieve the Seller from responsibility for defects or under failure to meet the requirement of this Order. If Buyer does not perform source inspection at Seller's facility, delivery shall include a Certificate of Conformance stating that all required testing was accomplished with Order terms or Seller item description specification.
10. **CHANGES.** The Buyer may at any time, by a written order, and without notice to sureties or assignees, suspend performance hereunder, increase or decrease ordered quantities, or make changes in any or more of the following: (i) applicable drawings, designs, or specifications, (ii) method of shipment or packing, and/or (iii) place of delivery. If any such change causes an increase or decrease in the cost of, or the time required for the performance of this Order, an equitable adjustment shall be made in the Order price or delivery schedule, or both, and the Order shall be modified accordingly. No claim by the Seller or adjustment hereunder shall be valid unless asserted in writing accompanied by an estimate of costs, within twenty (20) days from the receipt of the Seller of the notification of changes and, in any event, Seller must submit its final claim in writing with supporting documentation within the next succeeding twenty (20) day period. Failure of the Seller to either (i) assert a claim within twenty (20) days, or (ii) submit a final claim within the next succeeding twenty (20) days as provided above, shall constitute an unconditional and absolute waiver by the Seller of any right to make a claim for adjustment. Buyer reserves the right to verify claims hereunder and Seller shall make available to Buyer, upon its request, all relevant books, records, inventories, and facilities for its inspection and audit.
11. **TERMINATION.**
- a. It is agreed and understood that time is of the essence under this order, or any extension thereof affected by any change order. Buyer may, by written notice, terminate this Order in whole or in part if the Seller fails (i) to make delivery of the products or to perform the services within the time specified therein, or any extension thereof by written change order or amendment, or (ii) to replace or correct defective products in accordance with the provision of those clauses hereof entitled " Warranty" and " Inspection", or (iii) to perform any of the

provisions of this Order or so fails to make progress as to endanger performance in accordance with the terms hereof, including delivery schedules, or (iv) if Seller becomes insolvent, admits in writing its inability to pay its debts as they mature, files a voluntary petition in bankruptcy, makes an assignment for the benefit of creditors or if the petition of any bankruptcy laws is filed against it.

- b. In the event of the termination pursuant to this clause, Buyer may procure upon such terms and in such manner as Buyer may deem appropriate, products, or services similar or substantially similar to those so terminated and Seller shall be liable to Buyer for any excess cost occasioned thereby, provided that in the event that Buyer elects to terminate only a portion of this Order, then in such event Seller shall continue the performance of this Order to the extent not terminated.
- c. If this Order is terminated pursuant to paragraph (a) Buyer in addition to any rights provided herein, may require the Seller to transfer title and deliver to Buyer, in the manner, time and to the extent directed by Buyer, (i) any completed products and (ii) such partially completed products and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights as the Seller has produced or acquired for the performance of the terminated part and (iii) Seller shall grant Buyer a royalty-free, assignable, non-exclusive license to use and otherwise license to use Seller designs, processes, drawings, and technical data substantially relating to the quantity of the products terminated hereunder. Seller upon direction of Buyer, shall protect and preserve property encompassed in this paragraph that is in the possession of Seller. Payment for completed products delivered to and accepted by Buyer shall be in an amount agreed upon by the Seller and Buyer, however, such amount shall not exceed the Order price per unit and Seller's obligation hereunder to carry out Buyer's direction as to delivery protection and preservation shall not be contingent upon prior agreement as to such amount.
- d. Failure of Buyer to enforce any right under this clause shall not be deemed a waiver of any right hereunder. The rights and remedies of the Buyer under this clause shall not be exclusive and are addition to any rights and remedies provided by law or under this Order.

12. CANCELLATION.

- a. Buyer may cancel this Order without charge back upon notice to Seller at any time prior to shipping, provided that nonstandard or custom product requires written notice to the Seller not less than thirty (30) days prior to the scheduled ship date. Seller's cancellation claims for nonstandard or custom product cancelled with less than thirty (30) days' notice shall consist solely of the total cost of work in process, not to exceed the average unit cost multiplied by the number of units in process.
- b. In no event shall Seller be entitled to incidental or consequential damages, anticipated or projected profits, costs of preparing claims, attorney's fees, costs of tooling or equipment, or sales or agents commissions on any cancellation.

13. **WAIVER.** The failure of Buyer to enforce at any time any of the provisions of this Order, or to exercise any election or option provided herein, or to require at any time performance by the Seller of any of the provisions hereof, shall in no way constitute a waiver of such provision(s), and shall in no way affect the validity of this Order or any part thereof, or the right of Buyer thereafter to enforce each and every such provision.

14. **INSURANCE.** During the term of this Order and for a period of one year thereafter, Seller shall, at its own expense, maintain and carry insurance in full force and effect which includes, but is not limited to, commercial general liability (including product liability) in a sum no less than \$1,000,000 with financially sound and reputable insurers. Upon Buyer's request, Seller shall provide Buyer with a certificate of insurance from Seller's insurer evidencing the insurance coverage specified in the Order. The certificate of insurance shall name Buyer as an additional insured. Seller shall provide Buyer with 30 days advance written notice in the event of a cancellation or material change in Seller's insurance policy. Except where prohibited by law, Seller shall require its insurer to waive all rights of subrogation against Buyer's insurers and Buyer or the Indemnitees.
15. **ENCUMBRANCES; INDEMNIFICATION.** All products supplied must be free from claims of others with respect to royalties, patent rights and mechanics' liens, or other encumbrances or charges. Seller agrees to indemnify and hold harmless the Buyer against all claims demands, costs, and actions for actual or alleged infringements or misappropriations of patent, copyright, trademark, trade secret, or other intellectual property rights in the use, sale, or resale of said products.
16. **TOOLING AND TEST EQUIPMENT.** If the Price is stated to include jigs, dies, fixtures, patterns, or special test equipment and manufacturing aids used in manufacture of the items and drawings thereof (all hereinafter called tooling), such tooling becomes the property of Buyer or its Customer immediately upon payment thereof. Tooling shall be used only for the benefit of Buyer or any of its Customers, which have acquired the right to use such tooling. Tooling shall be kept in good condition, including necessary replacement, without expense to Buyer. Buyer shall pay for changes of design. Seller shall maintain proper property control records for such tooling and shall promptly furnish Buyer a list thereof on request. Unless otherwise directed by Buyer, upon completion or termination of the Order, Seller shall hold all tooling free of charge for six months subsequent to furnishing an inventory to Buyer with a request for disposition; any such tooling Buyer orders returned shall be delivered FOB Seller's facility, properly crated for domestic shipment. No crating charge is to be included in Seller's quotations unless expressly requested by Buyer.
17. **RELATIONSHIP OF THE PARTIES.** The relationship between the parties is that of independent contractors. Nothing contained in this Order shall be construed as creating any agency, partnership, joint venture or other form of joint enterprise, employment, or fiduciary relationship between the parties, and neither party shall have authority to contract for or bind the other party in any manner whatsoever. No relationship of exclusivity shall be construed from this Order.
18. **COMPLIANCE WITH LAWS.** (a) Seller warrants that no governmental law, rule, or ordinance of any Country has been violated in the manufacture or sale of the products or in the performance of services covered by this Order, and Seller will defend and hold Buyer harmless from loss, cost, or damage as a result of any such actual or alleged violation. Seller agrees that Federal law applies to issues related to FAR and DFARS requirements and thus shall be adjudicated in the proper Federal court system.

19. **GRATUITIES.** Seller warrants that it has not offered or given and will not offer or give to any employee, agent, or representative of Buyer any gratuity with a view toward securing any business from Buyer or influencing such person with respect to the terms, conditions, or performance of any Order from Buyer. Any breach of this warranty shall be a material breach of each Order between Buyer and Seller.
20. **NONDISCLOSURE OF CONFIDENTIAL MATTER AND PUBLICITY.** Products purchased pursuant to Buyer's specifications or drawings shall not be quoted for sale to others without the Buyer's prior written authorization. Nothing in these Terms and Conditions

shall be construed or interpreted to limit or in any way restrict the rights of the Government in regard to data it owns or has a right to use.

24. **FORCE MAJEURE.** Neither party shall be deemed in default of this Order to the extent that any delay or failure in the performance of its obligations results from any cause beyond its reasonable control and without its fault or negligence, including, without limitation, acts of God, acts of civil or military authority, embargoes, strikes, work stoppages, war, riots, fires, explosions, delays by suppliers, shortages of parts or materials, power failures, or communication line interruptions. Upon any delay described in this section, the time for performance by the party affected by a Force Majeure event shall be extended for a period equal to the time lost by reason of the delay.

Instead, this entire Order shall be construed as though not containing the particular invalid or unenforceable provision or provisions, and the rights and obligations of the parties shall be construed and enforced accordingly.
27. **SURVIVAL.** Provisions of this Order which by their nature should apply beyond their terms will remain in force after any termination or expiration of this Order.

If any such amendment to this Order results in an increase or decrease in the price, or the time required for, performance of any part of the Work under the Order, an equitable adjustment shall be made pursuant to the "Changes" clause of the Order.

1. FAR/DFARS Flow Down Clauses

The FAR and DFARS Clauses referenced below shall be those in effect as of the date of this Order. The following FAR Clauses apply to this order.

1.1 Interpretation of FAR and DFARS Flow Down Clauses

The Federal Acquisition Regulation (FAR) and Defense Federal Acquisition Regulation Supplement (DFARS) clauses referenced below are incorporated herein by reference, with the same force and effect as if they were provided in full text, and are applicable, including any notes following the clause citation, to this Order. The DFARS clauses below are applicable only to contracts entered into under United States Department of Defense contracts. If the date or substance of any of the clauses listed below is different from the date or substance of the clause actually incorporated in the Prime Contract, the date

or substance of the clause incorporated by said Prime Contract shall apply instead. Any reference to a "Disputes" clause shall mean the "Disputes" clause of this Order. Seller shall include in each lower tier subcontract the appropriate flow down clauses as required by FAR and DFARS.

This Order is entered into by the parties in support of a U.S. Government Contract. Where necessary in the context of these clauses applicable to this Order, the words "Government", "Contracting Officer", and equivalent phrases shall mean Buyer, the word "Contractor" shall mean Seller, and the term "Contract" shall mean this Order except in this instance where regulations or sense of the clause indicates otherwise. For example, the words "Government" and "Contracting Officer" do not change: (1) when a right, act, authorization or obligation can be granted or performed only by the Government or the prime contract Contracting Officer or duly authorized representative, such as in FAR 52. 227-1 and FA R 52 227 -2, and (2) when title to property is to be transferred directly to the Government. "Subcontractor" shall mean "Seller's subcontractor" under this Order.

The following terms shall have the meaning specified, as used in the clauses and provisions incorporated below:

- "Commercial Item" means a commercial item as defined in FAR 2.101.
- "Contract" means this Order.
- "Contracting Officer" shall mean the Buyer's Subcontract Manager, as defined in the Terms and Conditions.
- "Contractor" and "Offeror" means Seller, as defined in these Terms and Conditions, acting as the immediate (first tier) subcontractor to Buyer.
- "Subcontract" means any contract placed by Seller or lower-tier subcontractors under this Order.
- "Subcontractor" shall mean Seller's subcontractors under this Order.

Seller agrees that, upon the request of Buyer, it will negotiate in good faith with Buyer relative to amendments to this Order to incorporate additional provisions herein or to change provisions hereof, as Buyer may reasonably deem necessary in order to comply with the provisions of the applicable Prime Contractor with the provisions or amendments to such Prime Contract. If any such amendment to this Order causes an increase or decrease in the estimated cost of, or the time required for, performance of any part of the Work under this Order, an equitable adjustment shall be made in accordance with Clause 9 (Changes), above. If the parties are unable promptly to agree to the terms and conditions of such an equitable adjustment, the Seller shall nevertheless continue diligently with performance of the work as changed pending resolution of such disagreement pursuant to Clause 24 (Disputes and Applicable Law), above.
